DEKORON "N"			
1/4"	250	1000	19.0
3/8"	250	750	30.0

UNIT REEL CARTON
Contains two 500' reels of 1/4" tubing. Used in reelmaster canon.

REEL MASTER CARTON
Contains two 1000' reels of 1/4" tubing.

YO-YO PAK
This Dekoron exclusive keeps 250' of 1/4" "P" or "FR" tubing, or 500' of 5/32" "FR" tubing clean, and dry.

YO-YO PAK MASTER CARTON
Contains four Yo-Yo Paks. Tubing can be dispensed with the Yo-Yo Paks in the carton, or individual Paks can be easily removed.

PAY-OUT T-SLOT CARTON
Contains a reel of tubing which can be paid out through a convenient T-slot in the side of the carton. Top flap of canon easily converts to a convenient carrying handle. T-slot cartons can be ordered with one 500' reel of 1/4" tubing, a 250' or 500' reel of 3/8" tubing, or a 250' reel of 1/2" tubing.

PAY-OUT MASTER CARTON
Contains a number of "Pay-Out T-Slot" Unit Cartons. The front flap folds down to expose T-slot end, converting the carton into a reel holder. Master Canons may contain two 500' reels of 1/4" tubing, four 250' or two 500' reels of 3/8" tubing, or two 250' reels of 1/2" tubing.

CONVENIENT MARKING TEXT

To identify either end of tubing when several single tubes are used together, the numerals 1-30 are printed the full length of the tubing. By cutting off the lead end at a given number, and marking the reel or carton by the same number, you can easily identify the tube at either end for proper connection.
